The ladies' gold watch goes to the holder of ticket number 342. The fortunate winner has not yet claimed this elegant prize.

Following is the list of those who were so fortunate as to hold the winning numbers on the most valuable articles raffled at the several booths. Water Suit Decided

In the suit of Theodore Wagner et al., vs. Piessi et at., an injunction proceedings asking that the defendants be permantly enjoined from diverting the flow of water from a spring that is a part of the supply of Yulupa Creek, near Glen Ellen, Judge Emmet Seawell handed down an opinion Monday in which he over rules the demurrer. Judge Seawell concludes:

"The Court wishes to be understood as holding, under the pleadings as they stand, that defendants have riparian rights to use the waters of said Yulupa Creek, the proportion of which is practically the only question left in the case."

Deafness Cannot be Cured

by local applications, as they cannot reach the deceased portion of the ear There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing ane when it is entirely clored, deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

More Indications of Oil

More indications of oil are being discovered in this valley and the residents owning property adjoining the Lawler place in the hills above this city are searching in every nook and corner for this valuable product.

Mr. John Lawler and William Levis, a capitalist, were over from Petaluma this week sizing up Mr. Lawler's find. We were unable to learn what they thought about the matter, but evidently they were very much pleased as we understand a company will be formed and the prospect developed.

O. W. Gericke states he has the same substance on his place, which adjoins the Lawler place, and that the substance has the appearance of oil, and, while he does not state that he is positive it is oil, yet he thinks it might be.

This substance, or oil, as the case may be, appears in large quantities, and when dry has the appearance of graphite, or oil that has been mixed with dirt.

We expect to have a sample of this product in this office before many days and would be pleased to have all interested examine same and give us their candid opinion.

Free Phone Service

Yesterday afternoon a large gang of linemen arrived from Santa Rosa and immediately began the construction of a three line system between this city and Glen Ellen for the Northwestern Telegraph and Telephone Company.

Along Spain Street they are erecting 35 foot poles and large cross-arms, and when the line is completed the subscribers in this city will be able to talk to Glen Ellen without additional charge.

Manager Kendall informs us the company will use over 48 miles of wire, innumerable poles and insulators, and will also take the necessary steps to do away with the "cross talk" now heard on the lines.

On the new line to Glen Ellen the company now has 20 new subscribers and expect many more.

To Begin Work Immediately

The Schocken Basalt Quarries, which were sold to the Natoma Consolidated Company last week, will soon be a scene of activity. Final arrangements have been made and all moneys paid and this week all that remains of the deal will be the formality of turning over the property to the new company. Then the new company will begin their already laid out plans and will install the largest rock crusher in the state of California here.

Already machinery has been ordered and is perhaps on the way and the company will shortly be negotiating for a right of way from the Northwestern Pacific railroad to their new purchase for a siding.

It is their intention to employ about 120 men and they are now making arrangements with Mine Host S. Ciucci, of the Toscano Hotel, for the erection of a boarding house near the quarries.

We firmly believe this $25,000,000 company intend doing things, as they appear to proceed with a snap and vigor well worthy of commendation.

Forty Hours Devotion

The forty hours devotion to the Blessed Sacrament will open in St. Francis' church on Sunday, October 17th, at the 10:45 a. m. mass, and will close on the following Tuesday morning at 9 o'clock mass. Devotions will be held on Sunday and Monday evenings at 7:30 p. m. Father Collins of St Agnes' church, San Francisco, will preach Sunday evening. Father Cantillon, of Sebastopol, will preach on Monday evening.

Box Factory Coming

Mr Roe, of San Francisco, who has been in Shellville several times during the past few weeks, and who owns a box factory in South San Francisco, has decided to remove his factory to Shellville from the metropolis and is now making arrangements with the Northwestern Pacific railroad to run a spur to his factory from the main line. The factory will be located on property belonging to M. P. Akers, near the Northwestern depot.

Mr. Roe will also conduct a general merchandise and feed store at his place of business. He states, however, that it will be impossible for him to move up from the metropolis this fall, but will move in the early spring.

Ye Mission Bells

As stated in these columns last week a Misson Bell will be erected at the intersection of Spain street and First street east, in this city October 30th.

The Woman's Club are making elaborate preparations for the affair and are sending invitations to the different clubs throughout the land. Invitations will also be given to members of the Federation of Woman's Clubs during Portola week at the St. Francis Hotel.

The business of this city will be asked to close their stores for two hours on the day mentioned, during the ceremonies, and they will probably do so. Many noted visitors will be present at the unveiling and the residents of this valley should all attend and show their appreciation of the endeavors of the Woman's Club in obtaining this noted land mark—the Mission Bell,—which will mark the northern end of El Camino Real.

Post cards of the Mission as it stood on former days will be sold on the grounds, for the benefit of the Mission fund.

Enjoy Ravioli Dinner

Mine Host Ciucci's fame as a caterer seems to be spreading and his raviolies apparently tickle the palate of residents of other districts as well as those of this vicinity, and eventually they return for another spread, bringing many friends with them.

Last Sunday a party of twenty-nine gentlemen came in autos from Napa, and at 2 p m. sat down to a at $2 per plate dinner at the Toscano Hotel.

The following is a list of those present:

Herbert B. Whitton, Forrie de Kelton, George H. Francis, J. H. Schuppert, E. H. Raymond, Bill Gray, Dr. E. J. Hennessey, Ed. Kelton. R. J. Raymond, Chas. F. Grast, W. G. Thompson, C. E. Trower, F. L. Coombs, N. V. Coombs, A. G. Prouty, H. S. Morse, M. McIntyre, System Holway, E. S. Swan, G. W. Young, Joe Kronberg, J. E. Walden, Dr. F. W. Watkins, Eugene Drueself, Abe Strauss, Bill Ames, Garfield Algeo, A. Semorile.

Lecture by William Rader

On Thursday evening, October 28, the people of Sonoma and vicinity will be afforded the rare pleasure of hearing Rev. Dr. Rader's lecture entitle "Uncle Sam" which will be delivered at Union Hall, under the auspices of the board of direction of the Congregational church.

The mere announcement a lecture by Dr. Rader should be sufficient to fill the hall to its capacity as it is seldom that a small community has an opportunity of hearing such an eminent man and Sonoma show its appreciation by giving him a royal reception.

Sunday School Reception

The Sunday schools of Sonoma, El Verano, Glen Ellen and Kenwood held a convention last Saturday in Glen Ellen, where they were royally entertained by the ladies of the Congregational church. Addresses were made by the County President Mrs. Reeves, State Secretary Fisher, Mr. T. H. Lawson of the Anti-saloon league and others.

Dr. W. C. Day was elected president of Sonoma Valley district and Miss J. Harris secretary and treasurer.

Two Cases Disposed of

Two cases came up for trial before Judge Small in the city hall yesterday afternoon and when the judge took his seat he found the court room full to overflowing.

The first case—People vs. Mrs. Emma Fetters for assault, took up nearly the entire afternoon and many witnesses were called. The defendant was found guilty and fined $20. District Attorney Clarence Lea represented the people, and H. P. Mathewson, the defendent.

Mrs. Fetters at the close of her case swore to three separate warrants charging three ladies with trespassing. These case will come up for a hearing in the near future.

The second case— The People vs Christiff Thompson for the use of profane and obsene language in the presence of women and children was conducted without attorneys on either side and Thompson was fined $15 or 15 days in jail,

M. Topete acted as interpreter for Mrs. Thompson, a Spanish lady, who was called as a witness.

In Peaceful Slumber

The hand of death entered our healthy community on Wednesday afternoon and removed the spirit of Miss Elnora Alta Thierkoff, aged 15 years, 4 months and 27 days—the daughter of Mr. and Mrs. B. R. Thierkoff.

She was an estimable and refined young lady and had a host of friends and playmates who mourn with the grief-stricken parents in their bereavement. The funeral services were held today at 2 p. m. at the St. Francis church and the remains were laid at rest in Mountain cemetery.

The following poem bespeaks the sentiment of those left behind and the community at large join with the EXPOSITOR in extending their sympathies.

A Tribute in Loving Memory of Ella Thierkoff.

Sweet was her life and loved by friends and kindred
Sad is the fate that takes her from their side:
Only the faith that cheers the heart in sorrow,
Fairer the life in which she doth abide.

Out from this field of life, its strife and battle,
Sometime, somewhere, the soul must seek release.
Somewhere beyond Earth's grief there is rejoicing.
Sometime, somewhere, the silence and the peace.

She has gone past Earth's heartaches and its longings
Somewhere, where tears of sorrows never fall:
Nearer to God, and in His love so boundless
Resting in One who watches all.

Sorrow in fleeting as the lowering storm clouds
For in its fold the flitting sunbeams play.
Catch we the gleam of her pure soul in Heaven,
Somewhere, she waits the dawning of the day

High School Report

Last Friday afternoon, the High school pupils were surprised to see a tall white flag pole erected in the front yard. The pupils assembled about the pole and led by Trustee R. A. Poppe, gave three cheers for the flag, while Prof. Painter ran up the Stars and Stripes The flag is kept floating now, and helps to inspire a feeling of patriotism in the pupils.

Don't forget the basket ball game between the our boys and the Napa team, at Union Hall, 8:45 p. m., next Saturday, (tomorrow). It is the boys first game this term and it promises to be a fine game Admission 25 cents.

Mr. Platt, the teacher of the Commercial department, at High school, has a champion class of mathmaticians. Really, it would do your heart good to see with what rapidity they can do mental addition, subtraction and division. The class holds forth about ten o'clock and will welcome any visitors. They are planning to challenge other classes in mental arithmatic.

No, it wasn't! it wasn't a tribe of of Indians on the war path. It was merely the H. S. girls cheering George Chase, "Prof. Barton" while he was distinguishing himself at Basket Ball, Wednesday. Chase may yet be on the big team. Keep up the good work "me lad."

High jinks! Almost a hundred invitations have been sent to lucky ones this week. A fine program is arranged, and this jinks promises to surpass last year's effort. Oh, yes! Before I forget it, the Senior boys would like a burglar's outfit, with a jimmy, file, pick, lantern and etc., before the jinks takes place. Any contributions may be left with the boys.

TO A DAUGHTER OF THE WEST

I've read your beautiful sonnet
You wrote about your home
While on Sonoma Mountain
One day with thoughts alone.
I appreciate your feelings
While gazing down upon
The town where you were reared
The town where you were born.

I, also, love Glen Ellen,
Its mountains, vales and streams;
To roam around its hillsides,
To sit and muse in dreams.
I, also love its people,
So generous and kind,
They've made me feel as if I were
Home in my native land.

Numerous important matters are still in the hands of committees and no action can be taken until they report.

Mirth and Pathos

Lovers of drama and comedy are enjoying themselves this week at our local opera house.

The Metropolitan Stock Company have given two plays which were the best ever—Wednesday evening they presented "Brother against Brother," and a large and appreciative audience greeted them. When Sonoma shows its appreciation by frequent and prolonged applause there is reason to believe they have seen a good play, ably acted and well presented. Thursday evening this company produced "The Private Secretary," a play of long standing and merit and well worth twice the price of admission. Suffice to say it was enjoyed by one and all.

Tonight—the last evening—"The Butler and the Maid" will be presented, and we expect to see the largest audience of this engagement. A basket of groceries will be won by some lucky pleasure seeker at the close of the play.

Struck by Train

Sunday morning word was received in Sonoma that an unknown man was struck by the Southern Pacific train from Santa Rosa en route to Vallejo. The accident happened just this side of the curve about three hundred feet south of Sobra Vista station.

Engineer C. H. Ball was in the cab and Conductor Frank Bradbury was in charge of the train. Ball could not see the prostrate form of the man near the track in time to control his train, as the spot chosen by the unfortunate man to sleep was hidden by the curve on the road. Ball applied the emergency brakes, and did his utmost to prevent the accident, but the pilot of the locomotive struck the man and crushed his skull.

No one in the vicinity knew the man who was probably one of the many who has come to this valley to assist in harvesting the grape crop. He had been seen walking along the railroad tracks at Agua Calienta, going toward Glen Ellen, earlier in the morning, and appeared to be intoxicated. No blame attaches to the train crew. The unfortunate man was placed on the train and taken to Vallejo. He was attired in corduroy trousers, black hat, black coat, tan shoes, and was apparently about fifty years of age, and had gray hair.

Raise More Funds

The Woman's Club of this city are still adding donations to the already large subscription list for the restoration of the Mission San Francisco de Solano.

The Native Sons of Sebastopol have donated $25, and it is expected that all other lodges of this order in Sonoma county will respond to the call for funds.

The Petaluma Argus has started a subscription list to raise funds for this purpose and will undoubtedly materially assist in the restoration of this noted land mark.

L. Quartaroli, in his usual generosity, has donated 35 loads of adobe bricks, which coming at this oportune time, are beyond price, for it is impossible to find a man in the entire state who can even make a passable imitation of these old and weather beaten bricks.

Already the list has reached the 500 dollar mark and is running rapidly towards the 600 mark.

NATURE'S ESSENCE.

Extracted From Forest Plants.

Nature's laws are perfect if we obey them, but disease follows disobedience. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the black-cherry tree, the root of mandrake, stone root, queen's root, bloodroot and golden seal root, make a scientific, non-alcoholic extract of them with just the right proportions and you have Dr. Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this vegetable extract and alterative of the greatest efficiency.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of PUBLIC APPROVAL and has sold more largely in the past forty years than any other blood purifier and stomach tonic. The refreshing influence of this extract is like Nature's influence—the blood is purified and enriched—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated in the system. Doctor R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a physician of large experience and practice, was the first to make up an *alterative extract* of native medicinal roots, WITHOUT A PARTICLE OF ALCOHOL, which purifies the blood and tones up the stomach and the entire system in Nature's own way. The "Golden Medical Discovery" is just the tissue builder and tonic you require when recovering from a hard cold, grip, pneumonia, or from a debilitating fever. No matter how strong the constitution the stomach is apt to get "out of kilter" now and then, and in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body, and so cures liver and kidney troubles. If you take this NATURAL BLOOD PURIFIER AND NERVE TONIC you will assist your system in manufacturing each day a pint of rich, arterial blood that is invigorating to the brain and nerves. The weak, nervous, run-down debilitated condition which over-worked people experience is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue." Dr. Pierce's Golden Medical Discovery *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. Dr. Pierce's Golden Medical Discovery STANDS ALONE as the one medicine for stomach, liver and blood disorders that has the ingredients printed upon the wrapper of every bottle leaving the great laboratory at Buffalo, N. Y., which *cures* in Nature's own way; not only does it STAND ALONE in respect to its ingredients being known, but also as the only tonic and restorative which absolutely contains *no alcohol*.

"I was taken with a severe cough, weakness in my back, a 'glimmer' over the eyes, had a bad breath, and stomach was out of order," writes H. Gaddis, of 1123 South Tacoma Avenue, Tacoma, Wash. "I felt sluggish, did not care for anything, had no life, it was almost misery to move, appetite very poor. I read Dr. Pierce's Common Sense Medical Adviser and went right away and purchased two bottles of his 'Golden Medical Discovery,' and before I had taken all of one bottle I felt better. If any doubt the truth of this testimonial they may write to me."

Pierce's Pleasant Pellets Dr. Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so *help* to cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

Landsman and Sailor.

To the landsman the sea must always possess dangers that to the sailor appear only as casual phenomena upon which to exercise his skill. "The prayer book has a special petition for the safety of those who go down to the sea in ships, and every one who ventures to leave the shore goes forth with a consciousness of awe at his own daring. Yet in the intricate complexity of modern civilization safety on land and safety at sea have walked by no means with equal step. Every morning brings us some story of death or accident on land, while the great passenger ships come and go in monotonous regularity, bringing no reports more stirring than those of high seas that have kept them from making new records. With the present madness for speed and its attendant recklessness our streets demand constant alertness if one would cross them with safety. Speed at sea has come through larger and more stoutly constructed ships. So the familiar old story of the sailorman at sea in a storm who, serene in his consciousness of ample sea room, piously ejaculated, "God help the poor folks ashore tonight!" is not wholly fantastic.—L. Frank Tooker in Century.

On Hiring a Cook.

The woman in need of a cook was so well groomed and looked so generally prosperous that the manager of the employment agency thought he had at last found a place for the high priced French cook for whom he had been trying to find a situation. But the new customer would not even listen to the praises of the French cook.

"Don't mention French cooks to me," she said, "nor graduates of cooking schools. I've tried both. I like their cooking, and I don't object to the wages they ask, but they take up too much room. My kitchen isn't large enough to hold all the cooking utensils they require, and my income isn't large enough to buy them. Those stylish cooks need four times as many pots and pans and molds and things as ordinary cooks use. If I hire a fancy cook I shall have to move into a fancy apartment to get a kitchen big enough to accommodate her."

"That is a common complaint against these experts, foreign and American," sighed the manager. "I am beginning to think there must be something in it."—New York Sun.

The Twenty Cent Revenge.

She was in a very bad temper as she boarded an Amsterdam avenue car. Her temper was not improved by the fact that as she drew a quarter of a dollar from her jeweled gold purse the coin slipped from her fingers and rolled on the floor of the car. She made no move to recover the money, but when the conductor came in to collect her fare she pointed with the tip of her handsome parasol to the coin.

"I dropped my fare," she said snappishly. "Pick it up."

The young conductor looked her in the eye for just a moment, and then, stooping, he picked the coin from between the slats on the floor covering. Leisurely he took four nickels from his pocket and put them where the quarter had been before. Maybe it was the effort of bending that made his face red. When he straightened up he rang up the fare, turned and sauntered back to the rear platform.—New York Press.

The Chauffeur's Rebuke.

An elderly colonel in a New York club is very inquisitive, and there is no question he hesitates to ask. The other day he saw drawn up before a hotel a fine motor car, and at the wheel of the car sat a chauffeur who had formerly been in his own employ. The colonel stopped and asked the chauffeur who his master was, how he liked his job and what wages he drew. The chauffeur answered these questions politely. There was a cold glitter in his eye, though. He was waiting for an opening. It came when the inquisitive old clubman said:

"Er—Gaston, what—er—how much did your employer pay for this car?"

"The fact is, sir," the chauffeur answered promptly, "I never had the impudence to ask him."

The Old Roman Ballot.

The ballot was first introduced into Rome in the second century B. C. This was the real Australian ballot. The voter received a sort of wooden slate covered with wax on which the names of all the candidates were scratched. He made holes in the wax opposite those of his choice and dropped his tablet in the box. After the downfall of the Roman republic popular government took a long sleep, and there was little use for a ballot till quite modern times.

Effort Appreciated.

"So you were deeply touched by the poem young Mr. Guffson wrote to you?" said Maude.

"Yes," answered Maymie.

"But it was not a good poem."

"I don't care. It was just as much trouble for him to write it as if he had been Shakespeare."—Washington Star.

Couldn't Then.

"I would like mightily to enjoy riches."

"Then why don't you try to marry 'em?"

"As I said, I want to enjoy 'em."—Kansas City Times.

Enjoyed Trouble.

"How do you know Biggins enjoys trouble?"

"Because he'd rather be the umpire in a baseball game than one of the players."—Exchange.

Success often leads to insolence.—Irish Proverb.

Cold Weather

Moral Suasion and a Strap.

"She seems to have abandoned her moral suasion ideas relative to the training of children."

"She has?"

"How did it happen?"

"Well, I was largely instrumental in bringing about the change. You see, she has no children of her own, and I grew weary of her constant preaching and theorizing, so I loaned her our Willie."

"Loaned her your boy?"

"Precisely. She was to have him a week on her solemn promise to confine herself entirely to moral suasion."

"Did she keep her promise?"

"She did, but at the expiration of the week she came to me with tears in her eyes and pleaded for permission to whale him just once."—New York Mail and Express.

For the Use of the Right Hand.

The buttons on coats, etc., are placed on the right side and the shed of the hair in boys to the left evidently to suit manipulation by the right hand. The great philosopher Newton records that at first he confined his astronomical observations to his right eye, but afterward he managed to train his left. But there are persons who could not do this owing to the unequal strength of their eyes.—Chambers' Journal.

Entertained Her.

"Did Miss Gaddy entertain your proposal?" asked the close friend.

"No," was the sad answer. "It seemed to work just the other way."—Boston.

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy cough has appeared, it will prevent the attack. Contains no poison. Sold by all druggists.

Very Affectionate.

Mr. Headstall—That horse you brought yesterday seems a vicious looking animal. Is he affectionate?

Mr. Cropper—Affectionate? I should think so. Why, when he came out of the stable he stood upon his hind legs and tried to embrace me.

Never Worry

About a cough—there's no need of worry if you will treat it at it's first appearance with Ballard's Horehound Syrup. It will stop the cough at once and put your lungs and throat back into perfectly healthy condition. Sold by L. S. Simmons.

Cash Better Than Time.

"Have you a few moments to spare?" "Young man," said the capitalist severely, "my time is worth $100 an hour, but I'll give you ten minutes."

"If it's all the same to you," thoughtfully replied the visitor, "I believe I would rather take it in cash."—Exchange.

Over There.

"And, best of all," said the boastful American, "we have no titled aristocracy to support over here."

"No," replied the foreigner, "but you have a good many titled sons-in-law to support over there."—Judge.

"There are some people who believe that the whole human race will be saved," said an old lady, "but for my part I hope for better things."

The Killing of Birds.

Indiscriminate killing of birds is as much a violation of law in Texas as the taking of human life. The one is a misdemeanor, the other a felony. The present game law was passed in response to an earnest appeal of the Texas boll weevil convention and other representative bodies of farmers and business men, the object being to protect crops. At this season of the year it would be well to bear in mind section 3, as follows:

"It shall be unlawful for any person in the state of Texas to take or needlessly destroy the nest or the eggs of any wild bird or have such nest or eggs in his or her possession except as permitted by this act." This year let the farmers of Texas inquire into how the game law has been enforced, concludes Farm and Ranch.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all druggists

The Deadliest Poison.

Cyanide of potassium and hydrocyanic or prussic acid are considered by most people to be about the most poisonous of known substances. This is an error. They are the most rapidly acting of all poisons, but not the most potent. One drop of pure prussic acid placed in the eye of a large dog will kill it within two seconds, and such a dose will kill a man. But there is an alkaloid in aconite root called pseudaconitine, one three-hundredth part of a grain of which will kill a moderate sized animal. This is the deadliest poison known, being 300 times as toxic as prussic acid.

Her Case Is Hopeless.

A little girl became so accustomed to exaggeration and misstatement that nobody could believe her, and her parents were greatly annoyed by the unfortunate reputation that she was acquiring.

One afternoon her mother said to her: "Now, listen, Lillian, and heed my words. What has happened to one sinner may easily happen to another. You know what happened to Ananias and Sapphira, don't you?"

"Yes'm, I do. They fell dead on the street corner, and I saw 'em carried into a drug store."

A Witty Forlornity.

A forlorn looking man said, "I've tried everything that I could turn my hand to, but couldn't make anything answer, and now I have decided to go up among the hills, where they say there's a wonderful echo, to see if I can make that answer."

"Sir," said Dr. Johnson to a friend, commenting upon a widower who remarried, though his wedded life had been unhappy, "it is triumph of hope over experience."

As It Really Was.

"Lay on, Macduff!" cried Macbeth. Macduff was motionless.

"What'll be the matter noo?" said Macbeth. "Dinna ye ken that's the cue?"

"I was na sure," said Macduff, "whether ye were just recht in yer grammar. I thought ye meant 'lie on' an' that I wadna stand, but it's all recht noo."

And the conflict began.—Toledo Bee.

Quick Promotion.

"I hear your brother is an assistant bookkeeper."

"Yes, indeed. And, do you know, he proved himself so clever that they've passed him over the first and second assistantships and made him third assistant right off."—New York World.

Never Still.
